Compilers

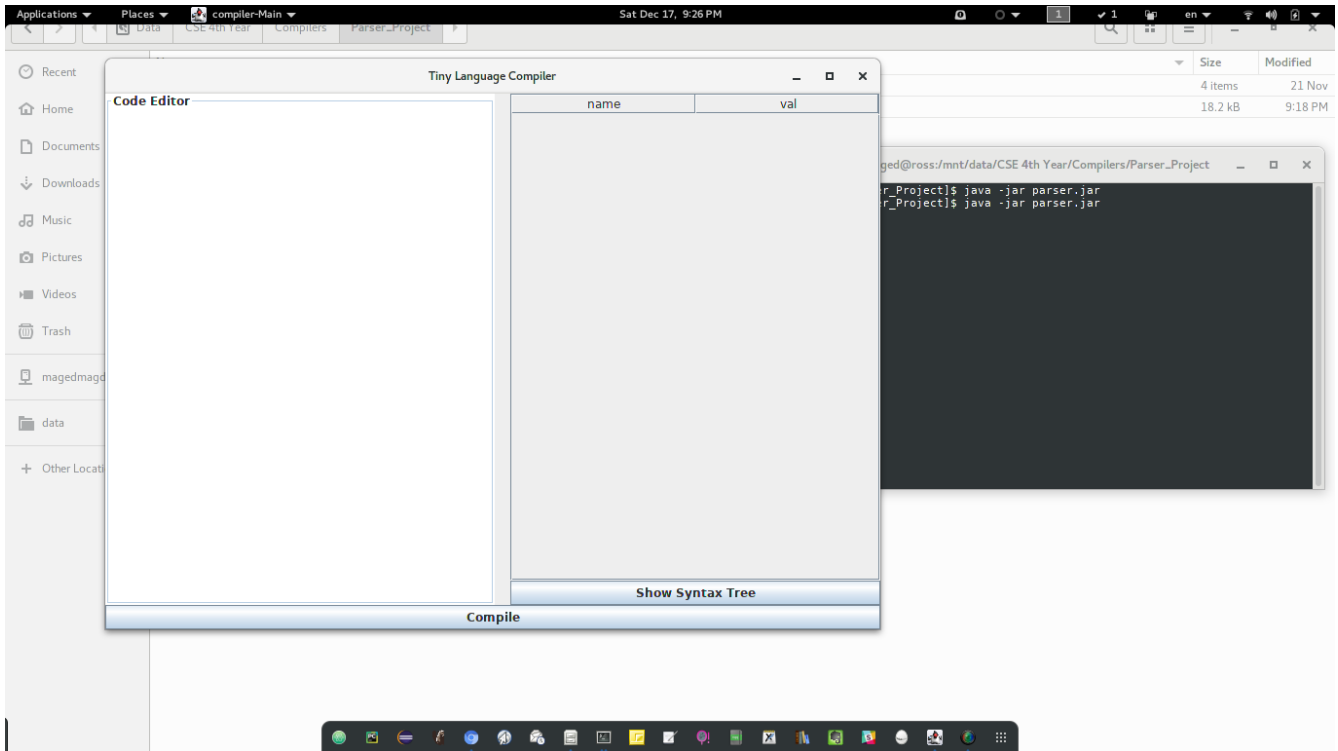

Project - Phase 2 **Parser**

Team Members:

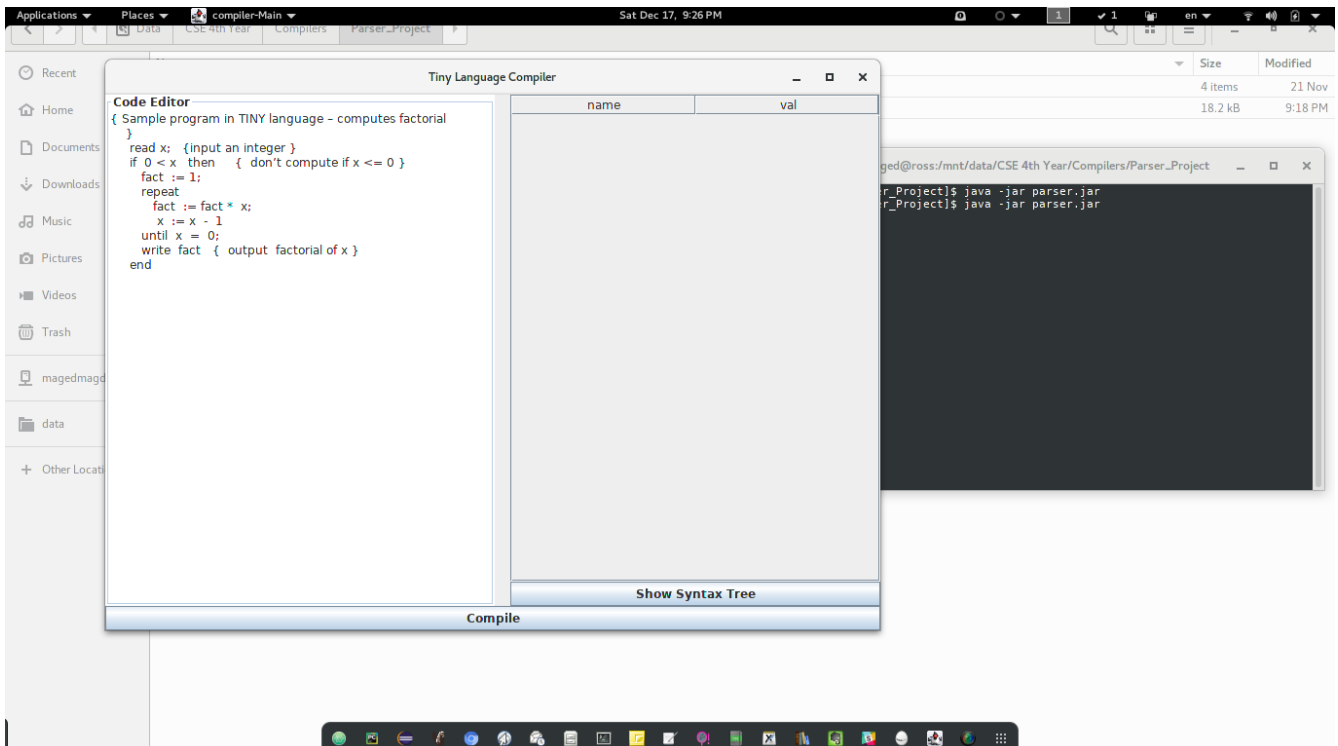

- 1- Fady Khalaf Fahmy
- 2- Fady Nassef Roshdy
- 3- Maged Magdy Shokry

Usage Parser Project

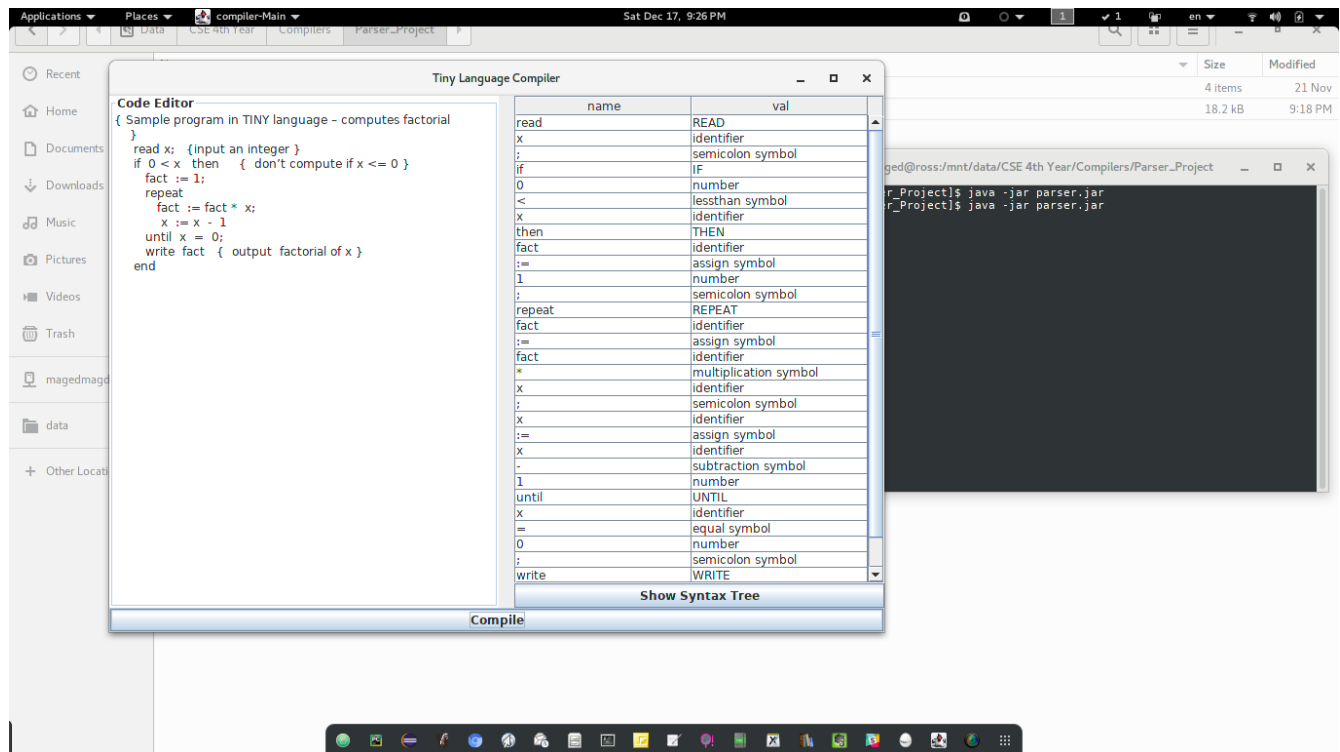

1- Run the parser app using the .jar file provided “parser.jar”

2- Paste the desired code in the code editor panel (we used the code from the slides, you can find it in code.txt file)

3- Press Compile to scan the code first

4- Finally, click on Show Syntax Tree to display the syntax tree. A window will appear with the desired syntax tree.
